## BSNL launches new technology

Bharat Sanchar Nigam Limited (BSNL) has introduced Next Generation Network (NGN) Technology in its fixed line telephony. The technology was launched by Ravi Shankar Prasad, Minister of Communication & IT, by making a video call from Delhi to Bangalore. The call at Bangalore was received by R.K. Mishra, Chief General Manager, Karnataka Telecom Circle, Bangalore. BSNL has more than 36000 telephone exchanges out of which more than 28000 are in rural areas.
