L&T unit bags ₹2,442-cr contract from BSNL

L&T Construction's power transmission and distribution business has secured a contract worth ₹2,442 crore from Bharat Sanchar Nigam, the project implementation agency for the ministry of defence. The contract is for supply, trenching, laying, installation, testing and commissioning of optical fibre cable (OFC) network, which will establish exclusive national long-distance backbone and optical access routes for the defence network. The project is scheduled to be completed over 18 months.

ITI wins 2 BSNL purchase orders worth ₹2,984 cr

ITI has bagged two advance purchase orders from BSNL amounting to ₹2,984 crore, the company said on Tuesday. The orders are part of Network For Spectrum (NFS) project for establishment of Optical Fibre Network throughout the country, ITI said in a release. It said ITI is the only central public sector undertaking to bag two packages out of seven for NFS tender against stiff competition from multiple players. These are the biggest orders ITI has ever got by competing in an open tender, the release added.
